Fullstack Web/Software Engineer

Full Stack Engineer with experience designing and building responsive front-end interfaces using React, Vue.js, and Next.js, and developing robust backend services in Python and Node.js. Delivered production-ready AI-powered web applications and internal tools, ensuring secure, scalable code and seamless integration across AWS and containerized environments. Committed to applying best practices in clean code, CI/CD, and cloud deployments.

Atouts

- **Atouts:** Project management, Rapid issues analysis, Decision-making skills, Team management
- **Centres d'intérêt:** Sport, Reading, Cooking, Gaming
- **Frameworks Back-end:** Node.js (Express/NestJS), Python, GO, Rust, Ruby
- **Frameworks Front-end:** React, Vue.js, Nextjs, Nuxtjs
- **Cloud et Déploiement:** AWS, Vercel, Netlify
- **Bases de données et ORM:** PostgreSQL, MongoDB, Prisma
- **Conteneurisation et Orchestration:** Docker, Docker Compose, Kubernetes
- **Contrôle de version et CI/CD:** Git, GitHub Actions, GitLab CI
- **Development Practices & Languages:** Full-stack Development, JavaScript/TypeScript, Secure Development Practices, DevOps

Diplômes et Formations

IUT de Douala <i>Licence Degree, Software Engineering</i>	2023 - 2024 <i>Douala</i>
JFN(IT) <i>DUT Degree, Software Engineering</i>	2021 - 2023 <i>Douala</i>
Lycée Djoss <i>Baccalaureat, IT</i>	2020 - 2021 <i>Douala</i>

Expériences professionnelles

NextVenture Tech <i>Technical Development Department Manager</i>	2023 - Aug 2025 <i>Douala</i>
• Collaborated with a team of engineers, developers, and analysts to design and create leading hiring software. • Developed and designed front-end web architecture with high responsiveness using React and TypeScript. • Worked with other departments to address improvements, internal tools, and implementation issues, while integrating DevOps workflows. • Consistently applied best practices for writing clean, readable, and scalable code by integrating CI/CD pipelines. • Participated in meaningful and thorough code reviews. • Hired, trained, and led a successful team of full stack developers.	
Transitalia TTL <i>IT Intern</i>	2021 - 2023 <i>Douala</i>
• Performed coding, debugging, and unit testing tasks in support of projects, adhering to secure development practices. • Provided ongoing maintenance for assigned applications and systems. • Upgraded and maintained both back-end and front-end systems through full-stack development methodologies. • Worked alongside web developers, marketing teams, and engineers to ensure the right look and vital features were achieved. • Remained adaptable and committed to staying on top of growing technologies and engineering trends.	

Réalisations

- **AI research paper : Self-Evolving Agent Societies:** Let agents develop their own languages and cultures : ongoing
- **Eduflow:** web app designed for schools and students powered by AI (<http://eduflowai.vercel.app/>) : finished
- **Secure-Watch:** web app designed to secure watch on the blockchain (<http://securewatch.vercel.app/>) : finished
